The ideas are really endless since George meets doctors, nurses, zoo animals, police officers, firefighters, chefs, other children, and many more. As this date draws closer please let me know if you are having a hard time deciding on a costume for your child.

Evergreen Evening - Beechwood Church of Christ

Another reading opportunity -- RAZ KIDS

This is a great online reading program for children. I have attached all the information you need to help your child get started on this program. There will be some classroom time during the year for your child to read with RAZ KIDS, but the full benefit comes when the program is used at home.
